

The Decodables

The **Decodables** series contains books following a systematic, cumulative phonics scope and sequence aligned with the science of reading. Each book allows its reader to apply their phonics knowledge in engaging and relatable texts. The words within each text have been carefully selected to ensure that readers can rely on their decoding skills as they encounter new or unfamiliar words. They also include high-frequency words appropriate for the target skill level of the reader.

Within the 6 different sub series, readers grow comfortable with a mix of formats; wordless books and fiction and nonfiction with photos or original art illustration. Readers will also learn various components of books such as chapters, tables of contents, and word lists. Teacher's Guides for every book are available.

The Decodables Search for Sounds

The **Search for Sounds** series is designed to help students develop phonemic awareness within the context of story and picture. Students are presented with wordless books and have fun finding items in the pictures that highlight target sounds. Each sound's related letter is also on the page in a clear lowercase font. Cumulative read-aloud texts linked to the pictures are read by the teacher and present social studies and science concepts of interest to young children. Some of the books include recurring characters exploring the topics while others are more typical nonfiction. Interest will be generated as your students work to isolate, identify, and link the sounds to words. The books include lists of suggested words/sounds to search for as well as a note to the caregiver. Downloadable Teacher's Guides are available.

The Decodables Friends and Family Fun

Students will be excited to explore this series of decodable books for early readers. Recurring characters and familiar contexts such as home or a park are mixed with humor, action, and fun. Readers will cheer as Ben gets a new pet or Zack sees a whale. Each cumulative book is for readers just beginning to decode words. The books begin by introducing the short vowels one at a time within a consonant-vowel-consonant pattern. Later books encourage the readers to incorporate consonant digraphs into their blending. Limited high-frequency words and supportive pictures help the reader successfully navigate the text while they practice essential decoding skills. Each title includes a note to the caregiver and a word list that is organized by Focus words, High-Frequency words and Challenge words. Downloadable Teacher's Guides are available.
